

7reat your Mum to a new outlook on life this Mothers Day with a gift voucher from iComputeIT

Is your Mum or Nan over 50? Does she know how to open her e-cards this Mothers Day and thank you via webcam? If not, Gerry at iComputeIT will teach her how!

iComputeIT aims to help people, aged 50 or over with no experience of using a computer, to do everything from understanding the instruction manual to sending Thank You letters and speaking to distant friends and family by email or webcam.

Gerry runs a computer group based at The Stables Lounge (rear of 195 Chalkwell Park Drive, Leigh-on-Sea, SS9 1LX). Launched in January, his first, six trainees have almost completed their eight-week, hands-on course.

Two new courses – again based at The Stables Lounge – will begin Wednesday 25 March. The morning course is 10am-Noon and the afternoon, 1-3pm. Complimentary tea and

coffee will be served from 9.45am and 12.45pm. Cost for the eight-week course is £150 per person.

However, if your Mum, Nan, Dad or Grandad! - would prefer to learn in the comfort of their home, this can also be arranged. Gift vouchers for one-to-one tuition make excellent and unusual Mothers Day presents!

Gerry says: "What I offer at iComputeIT is a gentle, comfortable and relevant training experience with customers in a similar age range. I can train on an individual basis or in groups of up to six, and I will help everybody at their own level. If people have their own laptops, they can bring them to a training session, I can go to their houses and work with them on their PCs, or bring my own laptops to their group and train them in their usual club environment – all I need is electricity."

For more information or to book training/buy vouchers call Gerry on 01702 479021 or email gerry@icomputeit.co.uk
